A NATURAL CHOICE FOR A HEALTHY LIFE

Kombucha, originally from China, has been known for centuries as the immortal health elixir. We proudly follow the original Chinese recipe: we only use high quality, natural ingredients – green tea fermented with organic raw cane sugar – and our own culture of live bacteria and yeast (SCOBY). That's how we get authentic, 100% Kombucha, with a great taste. Pure and yet delicious. Ancient and yet unique. Bubbly and yet fresh-tasting.

At the GUTsy Captain Company, we want to inspire you to become the captain of your life. We see life as a sequence of choices and our role is to help you choose wisely. We believe that what we put in our engine affects our overall well-being. So, for some net gains and naval goodness, wave goodbye to artificial drinks and try our Kombucha – it'll make your life plain sailing.

DISCOVER FIJI WATER.

What makes FIJI Water successful?

FROM FIJI:

On the Fijian island of Viti Levu, FIJI Water collects in an ancient artesian aquifer deep within the earth, where it is protected from external elements. It's the way nature intended water to be.

PROTECTED:

Natural pressure forces FIJI Water towards a sealed delivery system and directly into the bottle. Free from human contact, until you unscrew the cap.

SIGNATURE TASTE:

As tropical rain slowly filters through volcanic rock, it gathers the minerals that give FIJI Water its signature soft, smooth mouthfeel. There's nothing on Earth quite like it.

ICONIC PACKAGING:

FIJI Water's attractive, premium packaging is made from 100% recyclable PET and is BPA free. Its iconic square bottle is easy to hold, fashionable, and looks great!

FIJI Water is the water of choice amongst celebrities, top chefs, and discerning consumers alike.
